6. Definitions

a. Match Play

This traditional form of the game sees two individuals or two sides competing against each other with the number of holes won or lost deciding the match. The match is completed when one side is ahead after the stipulated number of holes or is more holes up than the number of holes remaining to be played.

Match Play may be competed “off-the stick” where no strokes are given for handicap differential between the players.

b. Handicap Match Play

This play gives strokes according to the difference between the players’ handicaps. Players will give the **exact number of strokes** as to their handicap differential.

7. Pennant Division and Team Composition

Note: For clubs with more than 1 team in each division, all players should be selected based on the most appropriate team for their ability ie., must have a ‘best’ team based on the lowest handicappers and a second team with the higher handicappers. (Not two teams with the handicaps spread evenly across both). This will apply to all divisions.

a. Division 1

5 players per team, no GA handicap range, to play in GA handicap order with the lowest handicapper to play first through to the highest at number 5. Matches are played “off the stick”.

b. Division 2 If the players handicap higher than 28 they must play off 28

5 players per team, GA handicap range from 19.4 - 28 and no more than 2 Silver Players (GA 0-19.3 on their first day of play – refer 11(e)) to play in daily handicap order with the lowest daily handicapper to play first through to the highest at 5. Play Handicap Match Play using the Handicap Match Play Index as listed at para 18. Note – there is no cap on the number of strokes a player will give.

c. Division 3

5 players per team, GA handicap range from 28.1 - 45 (ie players greater than 45 must play off 45) and no more than 2 Players under 28.1 to play in daily handicap order with the lowest daily handicapper to play first through to the highest at number 5. Play Handicap Match Play using the Handicap Match Play Index as listed at para 18. Note – there is no cap on the number of strokes a player will give.

d. Eligibility – Finals

To be eligible to play in any final match, a player must have played at least one game for that team, in that particular division.

e. Moving between Clubs

Where a player is a member of more than one club in the SGG Zone, they may only play for one club. The team in which the player plays her first game, is deemed to be the team in which she will play for the season.
